

# My Life Is Changing Now

Rob Krabbe ©1998

**Intro :D Em G:**

**D C**

I might be crazy

**D C**

I might seem strange to you

**D C**

I might walk down the street

**D C**

With a slightly different point of view

**D C**

I might be lazy

**D C**

I might be just taking all this in

**D C**

I might spend far, far too much time

**D C**

Not looking at where I've been

**G Bm**

You must understand

**Em D**

Was not too long ago

**G Bm Em**

I had no reason to laugh

**A**

No happiness to call my own

**G Bm**

You must understand

**Em D**

All this is new to me

**G Bm**

I have a joy to live

**Em A Em A**

Now that I have been set free

## **CHORUS**

**D Em G**

My life is changing now, it's a miracle

**D Em G**

My life is changing now

**D Em G**

My life is changing now, it's a miracle

**D Em G**

My life is changing now

**VERSE 2**

**D C**

It's been a long road

**D C**

I tried all the remedies

**D C**

And when I found the answer

**D C**

Was a big surprise to me

**D C**

When Jesus came along

**D C**

Not what I thought he'd be

**D C**

I tried to prove him wrong

**D C**

But he just proved his love for me

**G Bm**

And so I offer you

**Em D**

Not much in what I say

**G Bm**

`Cause love can never be held

**Em A**

It must be given away

**G Bm**

And so I offer you

**Em D**

Deep from my heart and soul

**G Bm**

My Savior Jesus

**Em A**

His love will make you whole

(Chorus)

**VERSE 3**

**G Bm**

I don't know all the answers

**Em D**

No deep theology

**G Bm**

Don't know the history of religion

**Em A**

I know what Jesus means to me

**G Bm**

I was empty, now I'm full

**Em D**

I was dead but now I live

**G Bm**

I knew only sadness

**Em A Em A**

Now I have only love to give

(Chorus)
